Quantum Units Continuing Education

Our Goal at QUE is to connect you, the professional, with home study and online resources that satisfy the CEU requirements of your licensing organization in a way that advances and benefits everyone involved in the exchange.

We make this experience affordable by offering courses that range from \$3 - \$5 per ceu hr. With our discount plans, ceus are as low as \$1 per ceu hr. Discount Plans are available for online courses only. Please visit our website for more information on these special offers.

New courses are added each month to our curriculum. When visiting our site you will be able to register for an account and sign up for special features such as our monthly newsletter. You will also have the option of signing up for our license renewal reminder which is sent out by email 90 days prior to your license or credential expiration.

The back of this catalog lists our major State and National CEU approvals. Many state licensing agencies will accept our pre-approved status with one of these agencies. Visit our website for a more complete state by state listing of ceu approval.

We pride ourselves on providing quality customer support in a timely manner. You may contact us and receive a prompt response through our online ticket support system 7 days a week.

QUE has been choreographed with attention to ease of use, affordability, diversity and environmental consciousness. It is our pleasure to provide learning opportunities to professionals who work to raise the consciousness bar.

Home Study Courses

Our Home Study Program offers both 'Exam Only' and 'With Book' options. Course descriptions/objectives for each book below can be found on our website at www.QuantumUnitsEd.com.

To order an 'exam only' version of a homestudy course you will need to purchase your own copy of the book or order a Free TIP Manual from SAMSHA (number listed on next page). When ordering your own books be sure to use the ISBN # provided in this catalog.

When ordering a free manual from SAMSHA, request the TIP # noted next to the course title. We ship all necessary course materials along with a pre-paid return shipping envelope. Your homestudy course will be graded the same day it arrives in our office and your certificate issued immediately. **Please allow plenty of time in order to complete a homestudy course. Shipping to and from both locations can take several days both ways. It would be wise to plan 4 - 6 weeks to complete home study courses.**
